

Transfer of securities to BNP Paribas Arbitrage Issuance B.V. (“BNPP IBV”) pursuant to Part VII of the UK Financial Services and Markets Act 2000

On 19 November 2015, The Royal Bank of Scotland plc (with its registered office at 36 St Andrew Square, Edinburgh, Scotland) (“**RBS**”) and BNP Paribas S.A. (incorporated in France and with its registered office at 16, Boulevard des Italiens, 75009 Paris, France) (“**BNPP**”), acting through its London Branch, announced that the Court of Session in Scotland had approved and sanctioned the implementation of a banking business transfer scheme, whereby certain assets and liabilities related to RBS’s structured retail investor products and equity derivatives business would be transferred to BNPP pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the “**Part VII Scheme**”).

The Part VII Scheme took effect on 7 December 2015 (the “**Effective Date**”).

On the Effective Date, BNPP, acting through its London Branch, became the issuer of those securities originally issued by RBS that were transferred pursuant to the Part VII Scheme. Immediately after the transfer of those securities to BNPP, acting through its London Branch, the role of the issuer under those securities was transferred, also under the terms of the Part VII Scheme, to BNPP IBV, a wholly owned subsidiary of BNPP. As part of the Part VII Scheme, BNPP guarantees all the obligations of BNPP IBV arising in respect of the transferred securities.

Under the Part VII Scheme, amendments were made to the terms of the transferring securities and to agreements related to them from the Effective Date in order to give effect to the Part VII Scheme, including (but not limited to) references to “RBS”, in its capacity as issuer of the transferred securities, being construed as references to “BNPP IBV”.

Details of the securities that have transferred under the Part VII Scheme as well as further information on the Part VII Scheme generally can be viewed at <http://warrants.bnpparibas.com/>

Transfers of securities to RBS plc pursuant to Part VII of the UK Financial Services and Markets Act 2000

On 6 February 2010 ABN AMRO Bank N.V. (registered with the Dutch Chamber of Commerce under number 33002587) changed its name to The Royal Bank of Scotland N.V. ("**RBS N.V.**") and on 1 April 2010 ABN AMRO Holding N.V. changed its name to RBS Holdings N.V.

On 23 September 2011, RBS N.V. and The Royal Bank of Scotland plc (with its registered office at 36 St Andrew Square, Edinburgh, Scotland) ("**RBS plc**") announced that the Court of Session in Scotland had approved and sanctioned the implementation of a banking business transfer scheme whereby eligible business carried on in the United Kingdom by RBS N.V. would be transferred to RBS plc pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the "**Part VII Scheme**"). The Part VII Scheme took effect on 17 October 2011 (the "**Effective Date**").

From the Effective Date, RBS plc became the issuer of those securities originally issued by RBS N.V. which were transferred to RBS plc pursuant to the Part VII Scheme. Under the Part VII Scheme, amendments were made to the terms of the transferring securities and to agreements related to them from the Effective Date in order to give effect to the Part VII Scheme, including (but not limited to) references to "RBS N.V." being construed as references to "RBS plc". Details of these amendments are set out in the Scheme Document which can be viewed at http://www.investors.rbs.com/RBS_NV.

For details of which securities were transferred to RBS plc pursuant to the Part VII Scheme, investors should refer to http://www.investors.rbs.com/RBS_NV or, for securities issued from on or about 21 July 2011, investors should refer to the terms of the issue or offer documents (including term-sheets) (if they indicate that RBS plc was expected to become the issuer of the securities as a result of the Part VII Scheme, then RBS plc has become the issuer, unless the securities have been exercised, redeemed or repurchased and cancelled prior to the implementation of the Part VII Scheme).

For further details of the Part VII Scheme generally, investors should refer to http://www.investors.rbs.com/RBS_NV.

APPENDIX A - RISK FACTORS

An investment in the Certificates entails significant risks not associated with similar investments in a conventional debt or equity security, including the following:

1. Equity Market Risk: Level of Index

The Certificates entitle the Certificateholder of a Certificate to receive the Settlement or Early Termination Amount from the Issuer on the Settlement Date. Investors are therefore at risk that the level of the Index may cause the Settlement or Early Termination Amount to be less than the amount paid for the Certificates. Accordingly, this investment bears the market risk of a direct equity investment and investors are cautioned to take advice accordingly. The historical level of the Index should not be taken as an indication of the Index's future performance during the term of the Certificates.

2. Secondary Market Risk

The price of the Certificates will be affected by a number of factors independent of the creditworthiness of the Issuer and the level of the Index, including, but not limited to, market interest, exchange rates and yield rates. Further, the level of the Index itself depends on a number of interrelated factors, including economic, financial and political events around the world, including factors affecting capital markets generally and the stock exchanges on which the Index constituents have their primary listing. The price at which a Certificateholder will be able to sell Certificates prior to the Early Termination or Exercise Date may be at a discount, which could be substantial, to the value of the Certificates at the Issue Date, if, at such time, the level of the Index is below, equal to or not sufficiently above the level of the Index at the Issue Date.

3. Quanto Maintenance Fee

Prospective investors should be aware that the Quanto Maintenance Fee will affect the value of the certificate. The "Quanto" feature means that the level of the Underlying in USD will be converted into EUR on the Expiration Date using the fixed exchange rate. However, during the life of the certificate, this Quanto Maintenance Fee may come at a cost or a benefit which will vary depending on the prevailing market conditions at any given time, like the difference between the interest rates of the relevant currencies, the exchange rate between the two currencies and other factors as the issuer deems applicable.

4. Liquidity

The Issuer cannot provide any assurances as to how the Certificates will trade in the secondary market or whether such market will be liquid or illiquid. No assurance can be given that there will be a market for the Certificates. If the Certificates are not traded on any exchange, pricing information for the Certificates may be more difficult to obtain, and the liquidity and prices of the Certificates may be adversely affected.

5. Conflicts of interest

Potential conflicts of interest may exist between the Calculation Agent and Certificateholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Conditions that may influence the amount receivable upon settlement of the Certificates.

Investors should consult their own business, tax, legal and accounting advisors with respect to this proposed transaction and they should refrain from entering into a transaction with us unless they have fully understood the associated risks and have independently determined that the transaction is appropriate for them.
